

DEAR COLLEAGUES AND FRIENDS

It is our great pleasure to welcome you to the 5th Theranostics World Congress (TWC2019). On behalf of the Organizing Committee of TWC 2019, we are pleased to invite you to participate in the congress, which will be held at the Shilla Jeju Hotel, Jeju, Korea, from March 1 - 3, 2019.

We are confident that the TWC 2019 will be an excellent and enriching experience. Under this year's theme of "A Gate to the Future of Theranostics", we will be preparing combined educational-scientific programs, which mix basic educational lectures with cutting edge scientific content. Furthermore, you will have a great opportunity to network through extensive discussions and informative exchanges with renowned experts.

About 500 active specialists in this fields will gather together for this congress. Our goal is to provide a platform to extend international collaboration in the field of theranostics. The TWC 2019 will be an opportunity to exchange your views, visions and get on top of the changes in molecular imaging, targeted radionuclide therapy. The Organizing Committee will go to great lengths to ensure the conference meet all expectations.

We truly believe TWC 2019 will be a highly rewarding international event for all participants. With the natural beauty of the Jeju Island, the TWC 2019 will surely be a beneficial and unforgettable experience for all participants.

I look forward to seeing you in Jeju, Korea.

With best wishes,
